

Peter SCHWENDINGER
(Conservateur – Curator)

Liste des publications – Publications list

- SCHWENDINGER, P. J. & ZONSTEIN, S. L. 2011. A taxonomic revision of the genus *Phyxioschema* (Araneae, Dipluridae), II: species from Central Asia. *Zootaxa* 2815: 28-48.
- DANKITTIPAKUL, P. & SCHWENDINGER, P. J. 2009. *Mallinella thaleri*, a new spider species from southern Thailand (Zodariidae, Araneae). *Contributions to Natural History* 12(1): 381-389.
- SCHWENDINGER, P.J. 2009. *Liphistius thaleri*, a new mesothelid spider species from southern Thailand (Araneae, Liphistiidae). *Contributions to Natural History* 12(3): 1253-1268.
- SCHWENDINGER, P.J. 2009. A taxonomic revision of the genus *Phyxioschema* (Araneae, Dipluridae), I: species from Thailand. *Zootaxa* 2126: 1-40.
- BOYER S. L., CLOUSE, R. M., BENAVIDES, L. R., SHARMA, P., SCHWENDINGER, P. J., KARUNARATHNA, I. & G. GIRIBET. 2007. Biogeography of the world: a case study from cyphophthalmid Opiliones, a globally distributed group of arachnids. *Journal of Biogeography* 34: 2070-2085.
- SCHWENDINGER, P. J. 2007. A taxonomic revision of the family Oncopodidae VII. A new *Oncopus* species (Opiliones, Laniatores) from eastern Kalimantan. *Revue suisse de Zoologie* 114 (4): 729-733.
- SCHWENDINGER, P. J. 2007. Oncopodidae Thorell, 1876 (pp. 211-214). In: PINTO-DA-ROCHA, R., MACHADO, G. & GIRIBET, G. (eds). Harvestmen: the biology of Opiliones. *Harvard University Press, Cambridge, Massachusetts*, X+597 pp.
- SCHWENDINGER, P. J. 2006. A taxonomic revision of the family Oncopodidae VI. *Martensiellus*, a new genus from Borneo, and the discovery of a tarsal pore organ in Oncopodidae (Opiliones: Laniatores). *Zootaxa* 1325: 255-266.
- SCHWENDINGER, P. J. & MARTENS, J. 2006. A taxonomic revision of the family Oncopodidae V. *Gnomulus* from Vietnam and China, with the description of five new species (Opiliones, Laniatores). *Revue suisse de Zoologie* 113 (3): 595-615.
- SCHWENDINGER, P. J. & MARTENS, J. 2006. Case 3350: *Oncopus* Thorell, 1876 and Oncopodidae Thorell, 1876 (Arachnida, Opiliones): proposed conservation. *Bulletin of Zoological Nomenclature* 63 (3): 167-171.
- SCHWENDINGER, P. J. 2005. Two new *Cyclocosmia* (Araneae: Ctenizidae) from Thailand. *Revue suisse de Zoologie* 112 (1): 225-252.
- SCHWENDINGER, P. J. & GIRIBET, G. 2005. The systematics of the south-east Asian genus *Fangensis* Rambla (Opiliones: Cyphophthalmi: Stylocellidae). *Invertebrate Systematics* 19: 297-323.
- SCHWENDINGER, P. J., GIRIBET, G. & STEINER, H. 2004. A remarkable new cave-dwelling *Stylocellus* (Opiliones, Cyphophthalmi) from Peninsular Malaysia, with a discussion on taxonomic characters in the family Stylocellidae. *Journal of Natural History* 38 (11): 1421-1435.
- SCHWENDINGER, P. J. & MARTENS, J. 2004. A taxonomic revision of the family Oncopodidae IV. The genus *Oncopus* Thorell (Opiliones, Laniatores). *Revue suisse de Zoologie* 111 (1): 139-174.

- SCHWENDINGER, P. J. 2003. Two new species of the arboreal trapdoor spider genus *Sason* (Araneae, Barychelidae) from Southeast Asia. *Raffles Bulletin of Zoology* 51 (2): 197-207.
- SCHWENDINGER, P. J. & MARTENS, J. 2002. A taxonomic revision of the family Oncopodidae III. Further new species of *Gnomulus* Thorell (Opiliones, Laniatores). *Revue suisse de Zoologie* 109 (1): 47-113.
- SCHWENDINGER, P. J. & MARTENS, J. 2002. Penis morphology in Oncopodidae (Opiliones, Laniatores): evolutionary trends and relationships. *Journal of Arachnology* 30 (2): 425-434. (Proceedings of the 15th International Congress of Arachnology, Badplaas, South Africa).
- SCHWENDINGER, P. J. & PAPE, T. 2000. Short communication: *Metopia sinensis* (Diptera, Sarcophagidae), an unusual predator of *Liphistius* (Araneae, Mesothelae) in northern Thailand. *Journal of Arachnology* 28: 353-356.
- SCHWENDINGER, P. J. 1999. Erratum. Five new *Liphistius* species (Araneae, Mesothelae) from Thailand. *Zoologica Scripta* 28 (3-4): 371-377.
- SCHWENDINGER, P. J. & MARTENS, J. 1999. A taxonomic revision of the family Oncopodidae II. The genus *Gnomulus* Thorell (Opiliones, Laniatores). *Revue suisse de Zoologie* 106 (4): 945-982.
- SCHWENDINGER, P. J. & MARTENS, J. 1999. Case 3116. *Gnomulus* Thorell, 1890 (Arachnida, Opiliones): proposed designation of *G. sumatranus* Thorell, 1891 as the type species. *Bulletin of Zoological Nomenclature* 56 (3): 171-173.
- MARTENS, J. & SCHWENDINGER, P. 1998. A taxonomic revision of the family Oncopodidae I. New genera and new species of *Gnomulus* Thorell (Opiliones, Laniatores). *Revue suisse de Zoologie* 105 (3): 499-555.
- SCHWENDINGER, P. J. 1998. Five new *Liphistius* species (Araneae, Mesothelae) from Thailand. *Zoologica Scripta* 27 (1): 17-30.
- PLATNICK, N. I., SCHWENDINGER, P. J. & STEINER, H. 1997. Three new species of the spider genus *Liphistius* (Araneae, Mesothelae) from Malaysia. *American Museum Novitates* 3209: 1-13.
- SCHWENDINGER, P. J. 1996. The fauna of orthognathous spiders (Araneae: Mesothelae, Mygalomorphae) in Thailand. *Revue suisse de Zoologie*, special edition 2: 577-584.
- SCHWENDINGER, P. J. 1996. New *Liphistius* species (Araneae, Mesothelae) from western and eastern Thailand. *Zoologica Scripta* 25 (2): 123-141.
- RAVEN, R. J. & SCHWENDINGER, P. J. 1995. Three new mygalomorph spider genera from Thailand and China (Araneae). *Memoirs of the Queensland Museum* 38 (2): 623-641.
- SCHWENDINGER, P. J. 1995. New *Liphistius* species (Araneae: Mesothelae) from southern Thailand and northern Malaysia. *Zoologica Scripta* 24 (2): 143-156.
- SCHWENDINGER, P. J. 1994. Four new *Perania* (Araneae: Tetrablemmidae, Pacullinae) from Thailand and Malaysia. *Revue suisse de Zoologie* 101 (2): 447-464.
- SCHWENDINGER, P. J. 1993. Transpiration from orthognathous spiders of Thailand and Burma. *Journal of Zoology* 229: 171-175.
- SCHWENDINGER, P. J. 1992. New Oncopodidae (Opiliones, Laniatores) from Southeast Asia. *Revue suisse de Zoologie* 99 (1): 177-199.
- SCHWENDINGER, P. J. & GRUBER, J. 1992. A new *Dendrolasma* (Opiliones, Nemastomatidae) from Thailand. *Bulletin of the British arachnological Society* 9 (2): 57-60.
- SCHWENDINGER, P. J. 1991. Two new trap-door spiders from Thailand (Araneae, Mygalomorphae, Idiopidae). *Bulletin of the British arachnological Society* 8 (2): 55-60.
- ONO, H. & SCHWENDINGER, P. J. 1990. Liphistiid spiders (Araneae, Mesothelae) from central and eastern Thailand. *Bulletin of the National Science Museum* 16 (4): 165-174.
- SCHWENDINGER, P. J. 1990. A synopsis of the genus *Atypus* (Araneae, Atypidae). *Zoologica Scripta* 19 (3): 353-366.

- SCHWENDINGER, P. J. 1990. On the spider genus *Liphistius* (Araneae: Mesothelae) in Thailand and Burma. *Zoologica Scripta* 19 (3): 331-351.
- SEDGWICK, W. C. & SCHWENDINGER, P. J. 1990. On a new cave-dwelling *Liphistius* from Thailand (Araneae: Liphistiidae). *Bulletin of the British arachnological Society* 8 (4): 109-112.
- RAVEN, R. J. & SCHWENDINGER, P. J. 1989. On a new *Phyxioschema* (Araneae, Mygalomorphae, Dipluridae) from Thailand and its biology. *Bulletin of the British arachnological Society* 8 (2): 55-59.
- SCHWENDINGER, P. J. 1989. On the genus *Atypus* (Araneae: Atypidae) in northern Thailand. *Bulletin of the British arachnological Society* 8 (3): 89-96.
- SCHWENDINGER, P. J. 1989. On three new armoured spiders (Araneae: Tetrablemmidae, Pacullinae) from Indonesia and Thailand. *Revue suisse de Zoologie* 96 (3): 571-582.
- SCHWENDINGER, P. J. 1988. Biological observations on orthognathous spiders in northern Thailand (Araneae: Mesothelae, Mygalomorphae). In: Haupt, J. (ed.). XI. Europäisches Arachnologisches Colloquium. *TUB-Dokumentationen, Kongresse und Tagungen, Berlin*, 38: 231-236.
- SCHWENDINGER, P. J. 1987. On the male of *Liphistius trang* (Araneae: Mesothelae), with notes on the natural history of the species. *Natural History Bulletin of the Siam Society* 35: 19-25.
- SCHWENDINGER, P. J., MEYER, E. & THALER, K. 1987. Bestand und jahreszeitliche Dynamik der Bodenspinnen eines inneralpinen Eichenmischwaldes (Nordtirol, Österreich). *Berichte des Naturwissenschaftlich-Medizinischen Vereins in Innsbruck* 74: 147-158.
- SCHWENDINGER, P. J. 1986. Über die postembryonalen Stadien von drei Bodenspinnen eines inneralpinen Eichenmischwaldes (Nordtirol, Österreich). *Berichte des Naturwissenschaftlich-Medizinischen Vereins in Innsbruck* 73: 87-95.
